

## Conwed™ Pallet Netting for Product Protection, Containment, Organization & Safe Shipment

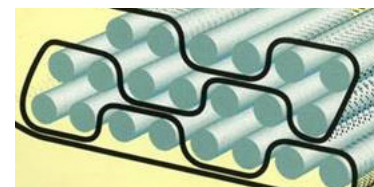

### Organize & Protect Your Most Valuable Products

Companies work hard to find the perfect mixture of materials that create quality products and maximize profits. Painsstaking measures are taken across companies to reduce costs for healthier bottom lines. Yet, the least expensive solution doesn't always mean the most cost effective solution.

SWM offers pallet wrap netting solutions that have superior total value, compared to most packaging alternatives. Using our Conwed™ extruded square netting for pallet and product containment means cost savings through using fewer wraps per pallet, stronger pallet stabilization, load conformity, and breathability. We understand that different loads have different needs and our products are each uniquely designed to provide the best solution.

### Features & Benefits of Conwed Pallet Netting:

- Less product needed to wrap pallets
- No stretching or breaking after application
- Increased pallet stabilization and containment
- Product breathability
- Superior strength through integral joints
- Durable and snag resistant

# Conwed Pallet Netting

**SWM Conwed Square Netting family of products for shipping and handling pallets and containers includes:**

**Heavy Duty Pallet Wrap** (formerly Tensionet®) is designed for the toughest and most unstable loads.

Its superior strength and unique integral joints make this wrap ideal for wooden containers and heavy loads up to 1800 pounds (816 kilos).

**Medium Duty Pallet Wrap** is a perfect solution for combination loads that have both tough wooden containers and easier to wrap cardboard containers.

It costs less than the heavy duty version and is stronger than the standard version.

**Standard Pallet Wrap** is cost-efficient, yet durable.

This is our most economical net and it can tackle cardboard containers and loads up to 1200 pounds (544 kilos).

**Stretch Pallet Wrap** (formerly Stretchnet®) complements irregular loads and loads that need total coverage.

With built-in memory, it will fit loads perfectly without continued stretching or breakage after application.

**Pallet Stabilization Netting** (formerly SnakeWrap™) contains and stabilizes sleeved, tubular or irregular shaped products when they are stacked on a pallet.

As cylinders of product are stacked, it is woven between layers allowing for increased product breathability and pallet stability.

Product Description	Roll Dimensions* inch x feet (cm x m)	Diameter Size inch (cm)	Core inch (cm)	Product Weight**	Rolls per Box & per Pallet	Load Description
R00582 (Heavy Duty)	12" x 1500' (30.5 cm x 457.2 m)	9.25" (23.5 cm)	3" (7.62cm)	2.9 lbm/MSF (31.2 gram/m <sup>2</sup> )	4 rolls/box 100 rolls/pallet	Superior strength for heavy duty loads up to 1800 lbs (816 kilos)
	20" x 2000' (50.8 cm x 609.6 m)	10" (25.4 cm)			1 rolls/box 32 rolls/pallet	
	20" x 5000' (50.8 cm x 1524 m)	14.5" (36.8 cm)			1 rolls/box 18 rolls/pallet	
R03161 (Medium Duty)	20" x 5000' (50.8 cm x 1524 m)	12" (30.5 cm)	3" (7.62cm)	2.1 lbm/MSF (10.25 gram/m <sup>2</sup> )	1 rolls/box 24 rolls/pallet	Medium duty combination loads
R04035 (Standard Duty)	12" x 2000' (30.5 cm x 609.6 m)	7.25" (18.4 cm)	3" (7.62cm)	1.45 lbm/MSF (7.08 gr/m <sup>2</sup> )	4 rolls/box 108 rolls/pallet	Economical option for standard loads, like cardboard containers
	20" x 5000' (50.8 cm x 1524 m)	10" (25.4 cm)			1 rolls/box 32 rolls/pallet	
	20" x 10000' (50.8 cm x 3048 m)	16" (40.6 cm)			1 rolls/box 18 rolls/pallet	
R14865 (Stretch)	20" x 5500' (50.8 cm x 1676.4 m)	9" (22.9 cm)	3" (7.62cm)	1.62 lbm/MSF (7.9 gr/m <sup>2</sup> )	1 rolls/box 32 rolls/pallet	Stretches for irregular sized objects
	20" x 10000' (50.8 cm x 3048 m)	11" (27.9 cm)			1 rolls/box 18 rolls/pallet	
R00582 (Stabilization)	12" x 5000' (30.5 cm x 1524 m)	15" (38.1 cm)	4" (10.16 cm)	2.8 lbm/MSF (13.66 gr/m <sup>2</sup> )	27 rolls/pallet	Stabilizes sleeved, tubular or irregular-shaped objects
	16" x 5000' (40.6 cm x 1524 m)	15" (38.1 cm)	4" (10.16 cm)		18 rolls/pallet	
	18" x 5000' (45.7 cm x 1524 m)	15" (38.1 cm)	4" (10.16 cm)		18 rolls/pallet	
	20" x 5000' (50.8 cm x 1524 m)	15" (38.1 cm)	3" (7.62cm)		18 rolls/pallet	
	24" x 5000' (61 cm x 1524 m)	15" (38.1 cm)	4" (10.16 cm)		9 rolls/pallet
